

NEW TO KNELL'S

ICE HARDENED™ MULTI-MATERIAL SAWZALL® BLADES

OVERVIEW

ICE HARDENED™ Multi-Material Blades are designed to provide fast, flexible cuts in woods, plastics, and metals. ICE HARDENED™ blades are cryogenically treated to minimize soft metal (austenite) and create more hard metal (martensite). The result is a metal cutting blade that is more consistently hard throughout, for up to 50% longer life than standard blades.

FEATURES

- ICE HARDENED™ for up to 50% longer life
- A Unique Combination of Relief Angles forms a radius on the back of the tooth that reduces stress buildup during cutting and substantially extends blade life
- Precision Forming Process creates sharper teeth for fast cutting

SDS PLUS DRILL BITS

OVERVIEW

MILWAUKEE® M/2™ 2-Cutter SDS Plus Rotary Hammer-Drill bits are up to 30% faster with up to 20% more holes per charge in cordless rotary hammers. Breaker point pulverizes the material more effectively, resulting in faster drilling speeds. The variable flute allows for maximum debris extraction leading to up to 20% more holes per charge in cordless rotary hammers while making it a very durable bit in corded and cordless rotary hammers. The enhanced rebar guards provide increased durability in hard aggregate and rebar. Additionally, M/2™ features a centering tip for exact spot drilling, wear mark indicator indicating when the bit no longer meets ANSI diameter requirements, and a reinforced flute for durability and minimized vibration. The increased life and efficiency of the M/2™ 2-Cutter drill bit line provides the ideal solution in general concrete for cordless and corded rotary hammer users.

FEATURES

- Enhanced Rebar Guards for increased durability
- Breaker Points for faster drilling speeds
- Variable Flutes for maximum debris extraction

SDS MAX BITS

OVERVIEW

MILWAUKEE's SDS Max Rotary Hammer-Drill Bits are used for drilling into brick, block and concrete.

FEATURES

- Breaker Points lead to up to 20% faster drilling speed
- Rebar Guards for increased durability in hard aggregate
- Variable Flutes for up to 15% more holes per battery charge
